MEMORANDUM FOR: Director of Central Intelligence
SUBJECT: Public Distribution of a Report

Dear Bill:

It occurred to me, and Bill Leonhart concurred, that this report, "Intelligence Collection in the USSR Chamber of Commerce and Industry (C NF)" should receive wide public distribution (especially to US Chambers of Commerce, Council of the Americas, NMA, and the business-oriented media).

The report would, of course, have to be edited for sources, methods, and other unsuitable disclosures, but otherwise would result in a valuable expose of another KGB-dominated organization that is busily engaged in intelligence collection and other activities.
